NEW STANDARDS ISSUED BY THE IASB:

***IFRS 18 Presentation and Disclosure in Financial Statements and
IFRS 19 Subsidiaries without Public Accountability: Disclosures***

Thursday 18 July 2024
4.30pm-7pm CEST

Live & Digital Event
Luiss Business School - Villa Blanc
Via Nomentana, 216 - Rome

Organismo Italiano di Contabilità (OIC) is organizing an educational event on July 18, 2024 to illustrate the new requirements on Financial Statements presentation and disclosure.

Last April, IASB published the new IFRS 18, in order to provide investors with more transparent and comparable financial information, especially in terms of financial performance. The new Standard will affect all companies that apply IAS/IFRS.

Furthermore, in May, IASB published the new IFRS 19, which allows companies that fall within the scope of the Standard to reduce financial reporting costs, while meeting users' information needs.

In this context, OIC is organizing an educational event and invites all interested parties to join.

Among others, the following international guests will be present: Andreas Barckow, Chair of the IASB, Aida Vatrenejak, IASB Technical Director, Wolf Klinz, Chair of the EFRAG Financial Reporting Board and Sébastien Harushimana, Chair of the EFRAG Financial Reporting TEG.

The event, free of charge, can be followed in streaming by registering [here](#). Information on the agenda will follow.

OIC thanks Luiss Business School for its kind cooperation.
